

Flattening the Curve

Social distancing is working in Manitoba. The data (as of April 30) shows some significant slowing of the rate of cases. The blue columns are new cases on that day.

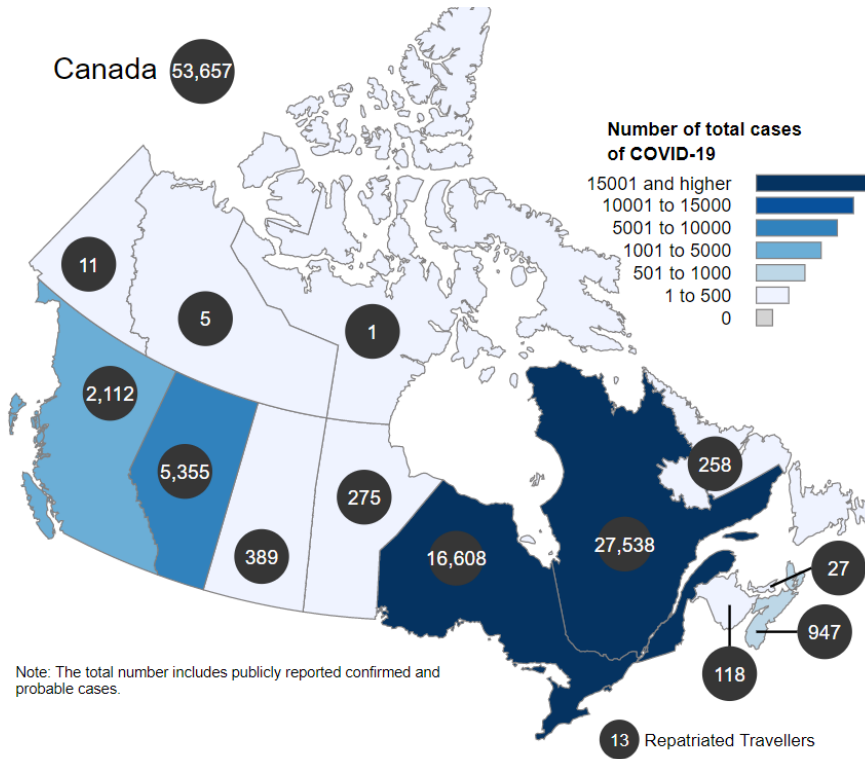

The number of COVID-19 total cases in **Manitoba** was **275** as of May 1st, 2020.

The number of COVID-19 total cases in **Canada** was **53,657** as of May 1st, 2020.

Compare Manitoba's curve compared to Canada overall. While Manitoba is flattening the curve, there is no apparent flattening of the curve in Canada overall.

SAFETY IN NUMBERS – SUPPLEMENTAL INFORMATION

The number of COVID-19 total cases in **Canada** was **53,657** as of May 1st, 2020.
